Pursuant to Federal Rule of Appellate Procedure 29(a)(8), the United States, as an amicus curiae, moves for leave to participate in oral argument in the above referenced appeal. The government believes its participation at oral argument is warranted for multiple reasons.

First, this Court's order granting rehearing en banc specifically invited the views of the United States as an amicus curiae. *See* ECF No. 86 at 5. In response, the United States filed an amicus brief addressing the issues highlighted in this Court's en banc order. ECF No. 120.

Second, the government, and in particular the USPTO, provides a unique perspective from the examination context that no other party or amici can provide. Thus, the government believes that its views as presented in its brief and at oral argument would be of great assistance to the Court in evaluating and deciding the issues in this case.

Thus, the United States respectfully ask for this Court's permission to participate in oral argument and to be allocated 10 minutes of time.

Counsel for Appellant, and Appellee, have stated that the parties will not oppose this motion.

Respectfully submitted,

/s/ William La Marca
